Seafarer**

# Celebrating the Day of the Seafarer!

International Seafarers Day is on Friday 25th June.

It is a day to celebrate all seafarers and the contribution they make to our everyday lives.

## What is a Seafarer?

A Seafarer is someone who works on board a seagoing ship or has worked in the industry for a long time.

## Why are Seafarers important?

Approximately 95% of the world's food, fuel, raw materials and manufactured goods are delivered by sea.

Nearly all things sold world wide are transported on ships, which need skilled seafarers to operate, maintain and repair them.

# Who Am I?

WE ARE ALL SEAFARERS!  
CAN YOU GUESS OUR JOB ROLES?

## Did you know...

Seafarers work for weeks or months at a time, during all weathers and travel all over the world.

## Did you know...

The food we eat, clothes we wear and fuel we put in our cars all travel by sea and without seafarers we wouldn't have them!

**HELP THE SEAFARERS  
BOARD THEIR SHIP!**

## Did you know...

We have lots of seafarers who are from or visit Pembrokeshire. On fishing boats, large oil and gas tankers and cruise ships.

Can you find all the words?
