

THE PORT OF MILFORD HAVEN – AN INDEPENDENT SURVEY CONDUCTED BY PEMBROKESHIRE COASTAL FORUM

We would be grateful if you would take a few minutes to complete this questionnaire.

Pembrokeshire Coastal Forum is conducting a stakeholder perception survey on behalf of the Port of Milford Haven. Your views are important to them. They want to be aware of, and understand, the current views of their many stakeholders. They have asked us to gather opinions on matters such as how the Port operates, its current and future strategy and how it manages activities on the Milford Haven Waterway.

There are 12 questions in total and it should take no more than 10 minutes to complete.

Your feedback is important to the Port. They will use this feedback when planning future strategy and in decision making.

Pembrokeshire Coastal Forum is an independent Community Interest Company (CIC) that seeks to raise awareness of the coastal and marine environment by collecting community views on related issues.

Please complete your contact details if you would like to be informed of the outcome of this survey. Your details will be entered into a prize draw to win £100 worth of vouchers to be spent at a Milford Marina based retailer, restaurant or café.

Port of Milford Haven

The Port of Milford Haven's primary objective is to build prosperity around the Milford Haven Waterway and across the wider region by remaining an efficient, competitive and environmentally sustainable gateway in the UK's international trade network. A successful port and a successful cluster of businesses trading around and through the port is a key foundation for a prosperous community. The Port of Milford Haven is focused on delivering this objective by investing in the port so that it continues to evolve and deliver value for money for everyone who depends on it.

To that end, there are two principle areas in which the Port is investing considerable resources. Firstly, the Port is promoting Pembroke Port as a world-leading base for marine renewable energy businesses. Secondly, it is developing Milford Waterfront as a unique destination in which to Live, Work and Play - a place which is home to local and national brand retailers, restaurants, hotels and leisure providers. Both of these developments will create significant, well-paid job opportunities.

3.	To what extent do you agree/disagree that the Port of Milford Haven should:					
3.1	Invest profits to develop Pembroke Port as an internationally recognised centre for the development, build, test and launch of marine renewable technology					
	☐ Strongly disagree	☐ Slightly disagree	□ Neutral	☐ Slightly agree	☐ Strongly agree	
3.2 Invest profits to develop Milford Waterfront as a vibrant, year-round retail as				year-round retail and	leisure destination	
	☐ Strongly disagree	☐ Slightly disagree	□ Neutral	☐ Slightly agree	☐ Strongly agree	
3.3 Invest in a way that creates new economic opportunities						
	☐ Strongly disagree	☐ Slightly disagree	□ Neutral	☐ Slightly agree	☐ Strongly agree	
3.4 Act as a regional champion to help attract new trade and investment to Pembrok				okeshire		
	☐ Strongly disagree	☐ Slightly disagree	□ Neutral	☐ Slightly agree	☐ Strongly agree	
3.5	Invest in the develop Pembrokeshire	ment of the commerc	ial fishing and a	iquaculture industry ar	ound	
	☐ Strongly disagree	☐ Slightly disagree	□ Neutral	☐ Slightly agree	☐ Strongly agree	

4

Port of Milford Haven

The Port of Milford Haven is a Trust Port. A Trust Port is an independent commercial entity financing its operations out of retained earnings. All Trust Ports are expected to generate a commercial return on their operations. The Port of Milford Haven does not have any shareholders, neither is it owned by the UK Government. It generates income by charging fees for its conservancy and pilotage services provided to vessels using the Milford Haven Waterway. The Port of Milford Haven also operates a property portfolio at Milford Marina and Milford Fish Docks and port facilities at Pembroke Port. Any profits generated from these activities are reinvested into the business for the benefit of the local economy and to ensure the long-term viability of the Port.

Because of its Trust Port status, the Port of Milford Haven is able to provide benefits to its stakeholders by:

- Investing in infrastructure, with a longer term view than might be expected on a purely commercial
- Investing in infrastructure or environmental improvements to a higher standard or greater extent, bringing quantifiable benefits to stakeholders;
- Undertaking activities that have a lower commercial return than a private sector port would undertake, but which delivers benefits for local stakeholders, such as local communities;

Making charitable contributions or grants to community projects or organisations The Port of Milford Haven regularly supports business organisations, sponsors local events and invests significantly in local charities and community organisations as well as creating its own engagement activities such as the annual Scholarship Scheme and other educational projects. In 2017 direct stakeholder benefit amounted to approximately £199,000 which was made up of both large scale and smaller-scale donations focusing on a range of areas such as education, young people, economic development and environmental improvement.

4.	How important is it to you that the Port of Milford Haven:

Port of Milford Haven

The Port of Milford Haven is committed to engaging with its wide range of stakeholders in a way that is timely and effective. Where issues or proposals arise which clearly affect particular stakeholders, the Port will seek to form focus groups and may maintain those groups as necessary. Examples include the Port Users Group and the Milford Haven Waterway Recreation Group. The Port's Advisory Committee meets twice a year with groups of major stakeholders; every year we hold an Annual Consultative Meeting (ACM) which is open to all members of the public (in 2018 the ACM will be held on 27th July at 2.30pm at a location to be confirmed) and we also maintain an active presence on social media.
